

THE VEGETABLE LAMB.

An Ancient Hebrew Account of a Very Curious Phenomenon.

In a story of great interest, which was republished at Venice in 1770, there is an interesting description of the "Vegetable Lamb," or "Animal Vine" of Tarentum. The following is the story, as it is given in the original, and is a most curious, and, in some respects, a very singular phenomenon.

The people of Tarentum, in the province called Ionia, in the south of Italy, are very fond of the vegetable lamb, which grows in the fields, and is a most curious and singular phenomenon. It is a plant which grows in the fields, and is a most curious and singular phenomenon. It is a plant which grows in the fields, and is a most curious and singular phenomenon.
